Technical data

Description

Long version part 1 (BE)

The GSB 18V-150 C Professional is a clever impact drill driver while providing unrivalled power and control and thereby making versatile working easy. It is perfect for screwing, drilling, and impact drilling tasks and enables an extremely fast working process thanks to exceptionally powerful ProCORE18V batteries and a brushless motor with BITURBO technology, while offering a maximum torque of 150 Nm. Its ingenious Leveling Function always ensures the right angle of long screws and its switchable KickBack Control for working with hole saws reduces the risk of sudden rotational torque reaction in a bind-up scenario. The metal drill chuck and metal gearbox make the impact drill extremely reliable and robust any time it really matters.

PROFESSIONAL
18V
SYSTEM

Long version part 2 (BE)

It is the ideal choice for screwing, drilling, and impact drilling in various materials such as wood, metal, and masonry.

Tool dimensions (width)

73 mm

Tool dimensions (length)

210 mm

Tool dimensions (height)

220 mm

Battery voltage

18.0 V

Torque (max)

150 Nm

Noise level

The A-rated noise level of the power tool is typically as follows: Sound pressure level 94 dB(A); Sound power level 105 dB(A). Uncertainty K= 5 dB.

Technical data

Torque (soft/hard/max.)

84/100/150 Nm

No-load speed (1st gear / 2nd gear)

0 – 550 / 0 – 2,200 rpm

0 601 9J5 1L0 – GSB 18V-150 C

Battery type	Lithium-ion
Max. impact rate	30.000 bpm
Chuck capacity, min./max.	1.5 / 13 mm
Weight excl. battery	2.2 kg
Torque settings	25+2

Drilling diameter

Max. drilling diameter in wood	150 mm
Max. drilling diameter in steel	16 mm
Max. drilling diameter in masonry	20 mm

Screw diameter

Max. screw diameter	13 mm
---------------------	-------

Noise/vibration information

Sound pressure level	94 dB(A)
Sound power level	105 dB(A)
Uncertainty K	5 dB

Sales information

Positioning

- When strength counts – the clever impact drill driver for unrivalled power and control

User benefit

- Extremely fast work progress through a powerful brushless motor with a maximum torque of 150 Nm and ProCORE18V batteries
- Precise Leveling Function and switchable KickBack Control enable unrivalled control at each work stage
- Reliable and robust thanks to metal drill chuck and metal gearbox
